

LEGAL DISCLAIMER

17th of January, 2018. Approved by Mr. Andrew Calder – Team Leader of 'Skeleton Key' Project

PLEASE BE AWARE THAT ANY INFORMATION OR TOOLS YOU MAY FIND HERE IS TO BE USED FOR EDUCATIONAL PURPOSES ONLY.

Some information displayed on this Git page may create an unreasonable risk for readers who choose to apply or use the information in their own activities or to promote the information for use by third parties.

No member of the 'Skeleton Key' team, in any way whatsoever, can be responsible for your use of the information contained in or linked from these web pages. Or the tools connected with this project.

Please be aware that the use 'Skeleton Key' to gain unauthorised access to computer material is strictly illegal under section 3 of the Computer Misuse Act of 1990 (UK). Meanwhile, members of the 'Skeleton Key' team are not responsible for any damage to your person, property or reputation. No consequential damages can be sought against the 'Skeleton Key' team, as it is a voluntary association of individuals formed to create a freely licensed, educational tool for Information Security.

This information is being given to you gratuitously and there is no agreement or understanding between you and the 'Skeleton Key' team regarding your use or modification of the 'Skeleton Key' tool.

Publication of information found on this GitHub page may be in violation of the laws of country or jurisdiction from where you are viewing this information. The GitHub database is stored on servers in the United States of America, and is maintained in reference to the protections afforded under the local and federal law. Laws in your country or jurisdiction may not protect or allow the same kinds of speech or distribution. The 'Skeleton Key' team does not encourage the violation of any laws, and cannot be responsible for any violations of such laws.

The 'Skeleton Key' tool has built in functionality for the ability to harvest sensitive information from computer systems. **This is for educational purposes only.** Thus, should not be used for commercial or personal use in accordance with UK and US Law. Meanwhile, all sensitive information has been removed from the project and tool under the Data Protection Act of 1998 (UK).
